

Alpine 11 PLUS

Intel CPU Cooler for Power Users

Main Features

- 92mm PWM fan with low noise impeller
- Optimized heatsink for better heat dissipation
- Fluid dynamic bearing extends service life
- Quick installation without mainboard disassembly
- Transport-proof due to fibre reinforced retention module
- Pre-applied MX-4 thermal compound

Alpine 11 PLUS

Intel CPU Cooler for Power Users

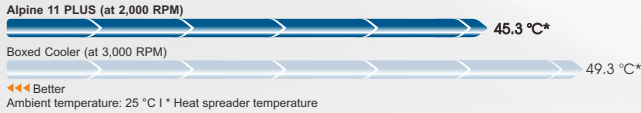

Alpine 11 PLUS is especially designed for users who are not satisfied with their noisy stock coolers. Providing a cooling capacity of up to 100 Watts, the CPU cooler is compatible with Intel Socket LGA 1150, 1156, 1155 and 775. Offering efficient cooling for your CPU in virtual silence, **Alpine 11 PLUS** is also quick and easy to install with push pins.

Specifications	
Max. Cooling Capacity	100 Watts
Fan	92 mm, 600 – 2,000 RPM (Controlled by PWM)
Bearing	Fluid Dynamic Bearing
Noise Level	0.4 Sone
Current / Voltage	0.24A / +12V
Dimensions	98 (L) x 95 (W) x 70 (H) mm
Net Weight	450 g
Compatibility	Intel Socket LGA 1150 (Haswell), 1156, 1155, 775
