Personal Cloud Storage

Product Features

Your own personal cloud

My Cloud allows you to keep all your content in one safe place at home or your office. No monthly fees. No limits.

Centralize your media collection

Store and organize all of your photos, videos, music and important documents on your home or office network.

Access from anywhere

Enjoy your digital life from anywhere on your PC and Mac® computers, tablets or smartphones with WD's file management app.

Automatic file backup for all your computers

Easily back up the files from all the PC and Mac computers in your home or small office.

Flexible backup options

Enjoy peace of mind with WD SmartWare™ Pro for PC users and Apple® Time Machine® for Mac users to protect your data.

Expand your tablet and smartphone storage

Upload photos and videos directly to your personal cloud from anywhere and free up space on your mobile devices.

Connect to Dropbox™ and more

Easily transfer files between your personal cloud, Dropbox and other cloud accounts using WD's My Cloud mobile app.

Increase your personal cloud capacity

Simply attach a compatible USB 3.0 hard drive directly to the USB expansion port on the My Cloud drive and instantly expand your storage capacity.

Transfer and access faster

Gigabit Ethernet and a Dual-Core processor deliver blazing-fast file transfers and seamless remote access.

Unleash your media

Seamlessly stream your videos, photos and music to your connected TVs, media players, gaming consoles and other DLNA®-certified devices.

Password protection for privacy

Your data is always safe and completely under your control. Protect your personal cloud from unauthorized access with password protection available for every user.

Set up in minutes

Get up and running in minutes with WD's rich web-based user interface for seamless, web-guided setup.

Add an extra layer of protection for your files

You can automatically make a second copy, or safe point, of your My Cloud on your home or office network. With double-safe protection for all your media, you get ultimate peace of mind.

Direct photo uploads from your camera with USB 3.0

Simply connect your camera using the USB 3.0 port to quickly add all of your photos to your personal cloud.
