<sup>1</sup> Some of the listed capacity on a Flash storage device is used for formatting and other functions and thus is not available for data storage. As such, the actual available capacity for data storage is less than what is listed on the products. For more information, go to Kingston's Flash Memory Guide at [kingston.com/flashguide](http://kingston.com/flashguide).

<sup>2</sup> Speed may vary due to host and device configuration.

<sup>†</sup> SDHC memory cards are not compatible with all standard SD-enabled devices; consult device user guide to ensure compatibility. Kingston's microSDHC memory cards are compliant with SD Specification Version 2.00. Consult device user guide to ensure compatibility.
